We have tons of sheets on this page to help you practice your skills of multiplying 2-digit numbers by 1 or 2 digits. We divided the sheets on this page into two sections: 2-digit x 1-digit multiplication (3 degree) 2-digit x 2-digit multiplication (4th grade) Each section ends with more difficult challenge sheets for more capable students. In each section, the sheets are carefully classified with the simplest sheets. These sheets are aimed at third-graders. Sheets 1 to 4 consist of 15 problems; Sheets 5 and 6 consist of 20 problems. Sheets 1 and 2 multiply 2-digit numbers by 2, 3, 4, or 5. Sheets 3 to 6 multiply a 2-digit number by a single digit digit increasingly difficult products. These 2-digit multiplication sheets are designed for more capable students who need this extra challenge! These sheets are aimed at 4th graders. Sheet 1 covers 2-digit by 2-digit multiplication with smaller numbers and responses up to 1000. Sheets 2 to 4 have more difficult 2-digit numbers to multiply and answer, which are typically greater than 1,000. These 2-digit multiplication sheets are designed for more capable students who need this extra challenge! We have more 2-digit multiplication sheets, including 2-digit x 3-digit multiplication problems on this page. More Double-digit multiplication sheets (harder) Look at a few other sheets similar to these. Need to quickly and easily create your own long or short multiplication sheets?
