Imperial forces have occupied the distant planet and destroyed the lives of its people. The motley but intelligent crew of starship Ghost - the jedi cowboy Kanan, ace pilot Hera, street-smart teen Ezra, muscular zeb, firebrand warrior Sabine, and the cantankerous old astromech droid Chopper - is one of the few favorites who are brave enough to resist empire. Together they will face menacing new villains, face colorful enemies, embark on exciting adventures and become heroes with the power to ignite a rebellion.... While what you might expect from Star Wars Rebels: Recon, it's not an endless runner or tower defense, but a 2D platform with some aspects of the action game included. Players take young rebel Ezra Bridger jumping and shooting through different levels that suffer from danger. Empire of clones, combat drones, and even powerful final bosses will get in your way. Between levels, players can also set up a rebel base. You have to buy different structures and buildings, and even recruit new rebels to join the cause, with each new recruit giving you access to additional content. Star Wars Rebel: Recon is a 2D platform game with a Star Wars license. Unfortunately, despite the fact that the game takes more than one gigabyte of memory of the device, the graphics are not quite up to zero.
